Admiral von Tirpitz's Report to Reichstag's Committee Excites Europe.

Special Cable Despatch to THE SEN.

BERLIN, Feb. 7 .- Admiral von Tirpitz. the Minister of Marine, made a further statement to the budget committee of the Reichstag to-day in regard to the tirst class passenger on the steamship ing wide attention. The discussions of the committee are always private, but at Plymouth from New York to-day, authorized reports are issued afterward. These are usually closely summarized and, together with what can be derived from interviews with members of th committee, form the only source of information

The briefness of to-day's report on Admiral von Tirpitz's statement is in There is no foundation for a story inficance. The Minister, it announced, printed in some of the papers that Bandealt at length with the speech of Winson Churchill, the British First Lord of the Admiralty, in March, 1912, in which ne said that a ratio of 10 to 16 between German and British battleships would acceptable to Great Britain for the next few years. Admiral von Tirpitz Navy Department, had no objecteion whatever to this.

eport of Admiral von Tirpitz's stateascribing Herr von Jagow, the new Minister of Foreign Affairs, an emphatic declaration that Germany's relations with all the Powers are good. To this unofficial reports add that Herr von Jagow referred particularly to the relations between Germany and England. This has deepened the impression that special understanding has been 6 reached between the two countries, al though there is no solid ground for the

assumption Some writers declare that the whole be merely interpreted as a recognition of facts coupled with the intimation that Germany does not contemplate any immediate increase in the number of her battleships.

London, Feb. 8 .- The morning papers LONDON, Feb. 8.—The morning papers give great prominence both in their news and editorial columns to the statenews and editorial columns to the statement of Admiral von Tirpitz, the German Minister of Marine. front by Germany." "First step toward entente in Anglo-German relations," "Considerable step toward friendship" and "Fraught with momentous consequences" are phrases which are used to show how the statement is viewed here. the two nations in a calmer spirit and augur that it will result in a full in the ruinous competition of building big ships
